We are excited to announce that we have officially earned a Bronze designation as a Sustainable Restaurant, a program of the nonprofit Sustainable Pittsburgh. The designation recognizes the commitment we have to our community, our economy, and our planet.

Sustainable Restaurants are evaluated based on overall sustainability performance across a range of categories and actions designed to help restaurants care for the communities they touch, while protecting the environment and enhancing regional economic growth.

When you dine with us, you are helping build vibrant communities and supporting environmentally responsible practices. Visit SustainablePittsburgh.org/restaurants to learn more about the Sustainable Restaurant program and how we are building a better industry and a stronger greater Pittsburgh region.
